## **Extra Curricular Activities**

### **Rain Water Harvesting**

- Institution is collecting the rain water from all our building and is stored in our biggest Rain Water Harvesting pond namely 'Amrithadavarshini' of size 270' × 180' × 18' with a storage capacity of 2 crore litres.
- Because of this initiative all our bore wells RO water purifiers are supported throughout the year and nearby thousand acres of land are benefitted
- The infiltration of surface water into subsurface aquifers before it is lost as surface runoff.
- The lawns and saplings in the garden are watered by the recycled waste water which is treated properly.

### **YRC**

YRC volunteers of the institution participate in youth convention programs. They associate themselves with the Red Ribbon club in creating AIDS awareness through lectures, street play and video clippings, In association with St.John's ambulance service, first aid awareness and life saving tips are demonstrated to the youth who might involve themselves in safeguarding the lives of the victims.

### **Nature Club**

A nature club is a group of young people, who spread conservation awareness in the society. Since a club represents the collective will of its members, it can generate conservation awareness in most effective manner. A Nature Club functions in our college, which does everything possible (like organizing seminars) to spread awareness about conservation of nature.

## NSS
