Our college NSS unit conducted "Awareness Program on HIV & AIDS" for the students. Dr. A. ANBUMALAR, Medical Officer, Government Hospital Namakkal. invited as chief guest for this programme. The welcome address gave by B.V.Maheswaran. NSS Programme officer, Paavai college of Engineering, In his welcome address, he insisted the students to utilize the Vaccination camps properly. After the welcome address the floor handovers to chief guest.

In chief guest Speech, Human Immunodeficiency Virus, attacks and weakens the immune system, potentially progressing to AIDS, the most severe stage where the body is highly vulnerable to infections. It's important to know that HIV is transmitted through specific bodily fluids and not through casual contact. With advancements in medical treatments like Antiretroviral Therapy (ART), individuals can live long, healthy lives. Prevention is crucial, involving safe practices, education, and regular testing. Supporting those affected with empathy, advocating for research, and ensuring access to treatment are key. Together, through education and proactive action, we can work towards a future free from the global health crisis of HIV and AIDS.
